

The City of Chandler is going through a Classification and Compensation study. One aspect of the project is to review and update job descriptions.

If you are a municipality looking for job descriptions, please submit your request through JIMS.

For all City of Chandler employees, if you have any questions specific to your job, please contact your manager or supervisor.

Thank you for your patience and understanding during this process. We are working diligently to complete this process.

Thank you,

City of Chandler Classification and Compensation Team
